To Whom It May Concern.....

Just wanted to give KUDO's to our fabulous General Manager, Rhonda. We have been residents at Silveridge for many years. Our parents were among some of the original couples to settle here from CO when it was a brand new resort. We have seen several managers come and go, and we TRULY believe Rhonda is the finest GM that has ever been in this park. Several of our friends live in The Resort, and they concur. We have known Rhonda for some time. She was the Maintenance Supervisor under Joe Botello and we were all very sad when she left. She was simply 'the best'.....Needless to say, when she came back as our General Manager, we were ALL thrilled. So many positive comments about her. She was loved at Silveridge, believe me. She has not let us down, one bit, either.. EVERY issue that we have talked with her about is addressed immediately. Of course,, we all think our issues are of the utmost importance, but Rhonda treats us like we ARE important.....Our problems are, for once, getting solved.

Let me say in closing.....Rhonda LOVES OUR PARK and she shows it in how she is handling Silveridge. What an asset she is to your corporation. This park looks better than it has in years.

Thank you, Rhonda, and thank you Silveridge for bringing 'hope' back to we residents again.....She and her staff are marvelous and are keeping us a 5 star park. The Resort and Silveridge are the FINEST in The Valley Of The Sun.

**Sincerely,
Mike and Sandi Jessen
